

Donors! We Need You!

Important Questions each Volunteer and Donor asks:

What are the highest-priority needs, now, for Immigrant Rights?

What is the best use of money to help make the biggest difference?

Which materials and printouts are needed most urgently, by orgs across the coalition?

How can I help people get Free Legal Representation as quickly as possible?

What can I do if someone is abducted by ICE? How can I help connect people with Legal help?

Answers come from **established, respected orgs on the front lines, led by Immigrant Leaders who have done this work for years.** (Shareable + Last updated November 2025)

LUCE: Massachusetts Hotline and Resource Hub!

Please Donate directly to **LUCE!**

<https://LUCEmass.org>

LUCE is the hotline + verification + recourse-connection network of Massachusetts, modeled after Siembra in NC. Donations will allow a few paid organizers, tech for data team, more secure phone lines and database access, etc. top needs.

LUCE urgently needs Verifiers, Canvassers, and Hotline Staff! Please join ASAP and sign up for training!

Phase 2 - Community Resource Connection: WIN + BIJAN + Milkweed

WIN = Welcome Immigrant Network!

Welcome Immigrant Network is based in Salem, MA. Led by Immigrant Organizers, doing the work that matters most. Mutual Aid + Emergency Support are a major focus! **Funds desperately needed.**

Please contribute!

<https://www.WelcomeImmigrantNetwork.org/donate-index-impact>

Local house of worship **San Pedro Episcopal Church** collects coats, diapers, + mutual aid funds to distribute to Immigrant community members in need! “Discretionary Fund:” <https://www.stpeters-sanpedro.org/give>

BIJAN = Boston Immigrant Justice Accompaniment Network

<https://beyondbondboston.org/donate> **Bond Fund**, which is **Very Low on Money!** **Emergency Donations needed November 2025!** **Programs are currently being cut due to extremely high demand!** Deportation aid \$ 100 western union waiting overseas for them when deported. Some tech costs, but 100% volunteer-run, so no paid staff. Emergency \$ aid in very limited situations. Materials costs for Letter-Writing team.

<https://beyondbondboston.org/donate-2> **Commissary Fund**, which sends \$ 20/month to each person in detention. Volunteers contribute to commissary funds, through middleman companies (eww, but the only way), then get reimbursed from this fund if they need. It is a time-consuming, detail-oriented process (by DHS design). Commissary is essential for edible food, money for phone calls (essential for legal paperwork w/family members, mental health, applying for asylum, etc.), a sweatshirt in winter, or first aid supplies.

Operation Milkweed is a curated Instagram set of GiveButter / GoFundMe -type requests for community members in crisis. Organized by various leaders in the coalition:

Phase 3 - Liberation: PAIR Project - FREE Legal Aid + Referrals

PAIR gives / refers to **FREE legal aid**, and now does triage for anybody in need of Immigration Lawyer representation. Pro / Low Bono help!

They refer to partner legal orgs, and need helpers: paralegals, lay people, lawyers, notaries public, et al. Best place to Donate for this essential Legal Aid! People need a lawyer immediately after detention, for a **Habeas petition**, but many aren't that lucky. This is the best way to uncork that bottleneck!
